¹ To interact, the student must do the following: react to / build on what peers say, express opinions/ideas related to the issues and to what peers say AND elaborate on ideas. Expressing stand-alone opinions and ideas (related to the issue but not to the ongoing discussion) is not interacting. Since interaction is at the heart of the competency, it is embedded in all the criteria.

² Idiomatic language refers to expressions and sentence structures that are typical of the English language, e.g. use of gerunds, tag endings, two-word verbs.
